### **Next steps for United Arab Emirates (Dubai)**

United Arab Emirates (Dubai)'s 80 per cent secrecy score shows that it must still make major progress in offering satisfactory financial transparency<sup>1</sup>. If it wishes to play a full part in the modern financial community and to impede and deter illicit financial flows, including flows originating from tax evasion, aggressive tax avoidance practices, corrupt practices and criminal activities, it should take action on the points noted where it falls short of acceptable international standards. See below for details of United Arab Emirates (Dubai)'s shortcomings on transparency. See this link <a href="http://www.secrecyjurisdictions.com/kfsi">http://www.secrecyjurisdictions.com/kfsi</a> for an overview of how each of these shortcomings can be fixed.
